Kennie Searight  
Director of Athletics

Member Of  
The Patriot Athletic Conference

## Important Details:

- 1) Dual Participation is only available for grades 9-12 and is not guaranteed. It is a privilege. It can be denied or revoked at any time by the administration based upon academic performance, refusal for athlete to cooperate, incompatible schedules, or any other reason deemed in the best interest of the school.
- 2) Every sport does not qualify for dual participation. Most team sports require such a great time commitment that students will only be able to participate in one sport.
- 3) Communication is the key. If you plan on making dual participation a positive experience then the student athlete and parents must communicate with the coaches on all scheduling concerns.

## Process

- 1) Meet with both coaches **BEFORE TRYOUTS** to discuss the option and if it will work.
- 2) If approved, read over Dual Participation Form and get all necessary signatures.
- 3) Turn the form back into the athletic office.

I, \_\_\_\_\_, wish to participate in two sports (during the same season). I understand that I must now declare one of these sports to be PRIMARY and the other to be SECONDARY. I further understand that during my PRIMARY sport season, including preseason and tournaments, the coach of the PRIMARY sport has the sole and absolute authority in resolving potential conflicts. I also understand that no one will pressure me in any way to violate my responsibility to my PRIMARY coach and that this document will remain on file in the athletic director's office. Once having declared, I MAY NOT CHANGE MY DECISION.

Primary Sport \_\_\_\_\_ Secondary Sport \_\_\_\_\_

=====

**If a student quits their primary sport after tryouts then the student will no longer be able to participate in their secondary sport. A student may end their participation in a secondary sport if there is too much conflict with the primary sport. We, the undersigned, agree to all the provisions stated on this document.**
