

FIRELANDS LOCAL SCHOOLS RECEIVES AUDITOR OF STATE AWARD

The Firelands Local School District has received the Auditor of State's Award for Fiscal Year 2018. This is the 5th time the district has received this award. The award is presented for excellence in financial reporting in accordance with Generally Accepted Accounting Principles and compliance with applicable laws. The most recent financial audit of the district by the Auditor of State's office returned a clean audit report which is the requirement to receive the award.

In order to receive a "clean" audit report, the following criteria must be met. The District must file timely financial reports with Auditor of State's office in accordance with

GAAP (Generally Accepted Accounting Principles);

The audit report does not contain any findings

for recovery, material citations, material weaknesses, significant deficiencies, Single Audit findings or questioned costs; The District's management letter contains no comments related to:

- ◇ Ethics referrals
- ◇ Questioned costs less than \$10,000
- ◇ Lack of timely report submission
- ◇ Reconciliation
- ◇ Failure to obtain a timely single audit
- ◇ Findings for recovery less than \$100
- ◇ Public meetings or public records

It is always our goal to provide our community with accurate financial records and to show that we are being good stewards of their tax dollars. This award affirms that we are doing just that. A clean audit report requires hard work and dedication from everyone in the district, but I would especially like to recognize the efforts of Jennifer Sutherland (Accounts Payable) and Ann Wiegand (Payroll) who keep the Treasurer's Office running smoothly.

Thank you, Keri Angney, Treasurer

Construction Update

Earlier this month we received notice that our building project will be placed on the Ohio Facilities Construction Commission's (OFCC) July agenda for approval. Upon approval from the OFCC, our project will be sent to the State Controlling Board for their approval and certification of funds which is anticipated to occur by early August. Once both of these steps have been completed, the district can begin the selection process for an architect and construction manager.

To date, the following site work has been completed:

- Phase 1 Environmental Assessment
- Wetland Delineation
- Geotechnical Report
- Site Survey

During the past several months we have been working alongside our bond counsel, municipal advisor and underwriters to establish a financing plan for the project. As part of that plan, we will be selling and issuing bonds in mid to late June 2019.

As our construction project progresses, updates will be posted to our district website under the "Construction Update" tab.

If possible, have them done and bring a copy of the record to Kindergarten screening in May.

Remember to bring your child's immunization records with you when you go to your healthcare provider or clinic. Please send a copy of the immunization record to the school nurse in your child's building, being sure your child's name is on it. Don't forget to keep a copy for yourself!

Lorain County Public Health, 9880 S. Murray Ridge Rd., Elyria, OH 44035 is now offering immunizations (also known as vaccines) Monday through Friday, 8:30 am – 3:30 pm, with evening hours throughout the month. FHS AP Studio Art Launches with Six Portfolios

May 10th saw the submission of Firelands High School's first ever AP Studio Art portfolios. This is an honors level course for seniors that can convert to college credit if a 3 or greater is earned. Bailey Borer, Michael Durdak and Isabel Solowiej submitted 2D portfolios and Lynn Born, Nick Street and Tim Street submitted 3D portfolios. The students began their work last summer by sketching ideas and taking reference photos. They each developed their own "sustained investigation" thesis of their own design. Their written artists statements further support their work. They each also had to present a range of unrelated works that demonstrate the breadth of their skills and creativity using a variety of media. All works were photographed and submitted online. Additionally, the 2D students mailed in 5 original pieces for in-person grading. Students will find out their scores by early July. Wish them 5's!

FHS Students Explore France During Spring Break

6 intrepid FHS students made the commitment to study French language and culture during spring break through an EF tour. Beginning in Paris, the students led by Mrs. Tawil, were immersed in the language, art, history and culture of France and Europe. The group saw the aftermath of the fire at Notre Dame de Paris, raced through the highlights of the Louvre and watched the Eiffel Tower twinkle from a Seine River cruise. The itinerary wound through the Loire Valley to see three Renaissance chateaux. A highlight of the trip was visiting the beaches of Normandy especially for the 75th anniversary of Operation Overlord of World War II. Our last stop was the incomparable palace of Versailles. Our next trip to France is tentatively scheduled for spring break 2021.

Student travelers; Kaylee Boggs, Dale Milde, Will Folley, Joselyn Moquete, Rachel Taddeo, and Jordon Vaughn.
