CHANGE OF INFORMATION

Student records are maintained via an electronic portal known as PowerSchool. Firelands teachers in grades K-12 use PowerSchool to report grades. PowerSchool is not extensively used by K-2 for grades, however, it is used as a secure location to post information and does serve as our emergency information database. Please update any change in your phone number or email address in Final Forms, and report any changes in your home address to the main office of your child's school.

ASSESSMENTS AND REPORTING ON PROGRESS

Firelands Schools use a variety of assessment measures to get an accurate and complete profile of each student's progress, strengths, and weaknesses. The following terms will be utilized to ensure clear communication related to assessments. A customized letter for each grade level with dates will be provided to parents and guardians at the beginning of the year.

Summative Assessments – Summative assessments are teacher created assessments that judge student mastery on the standards and the Firelands Curriculum. These assessments are graded and serve as a final check on student learning.

Formative Assessments – Any classroom assessment, graded and/or ungraded, that a teacher utilizes to make instructional adjustments during the learning process and to provide feedback to students.

Screeners – These are required assessments by the State of Ohio to diagnose student learning needs.

State Achievement Tests – Assessments used by teachers, the district, and the state of Ohio to check college and career readiness as well as local curriculum alignment to state standards.

In grades K-12, online report cards are issued four times per year.

Parents of students in grades K-12 will receive interim grades online using PowerSchool. In addition, report cards are available via request from your student's building.

PARENTAL INVOLVEMENT

We understand that parents share in the responsibility to promote the academic achievement and social development of our students. Therefore, we encourage parents to:

- Share responsibility for the improved academic achievement of your child
- Check and assist your child in completing homework tasks, when necessary
- Encourage your child to read at home for a minimum of 30 minutes each day
- Encourage your child to follow school rules and regulations
- Promote positive use of extracurricular time, such as extended day learning opportunities, clubs, team sports and/or quality family time
- Attend Curriculum Night/Open House and parent-teacher conferences
- Communicate with your child's teachers about educational needs and stay informed about their education by reading and responding to all notices received from the school or district
- Be a positive role model so that your student can best understand the behaviors necessary to succeed academically

- Monitor your child's attendance and ensure that your child arrives to school on time as well as follow the appropriate procedures to inform the school when your child is absent
- Ensure that your child comes to school well rested by setting a schedule for bedtime based on the needs of your child and his/her age
- Participate, as appropriate, in decisions relating to your child's education
- Set limits to the amount of time your child watches television, plays video games, and uses social media.
- Respond to surveys, feedback forms and notices when requested
- Take part in the school's Parent Teacher Group and volunteer in school or assist from your home as time permits.

CRIMINAL RECORDS CHECK

The Board shall request from the Superintendent of the Bureau of Criminal Investigation (BCI) criminal records checks of all candidates under final consideration for employment or appointment in the District. The BCI criminal records checks include information from the Federal Bureau of Investigation (FBI), unless the individual can demonstrate that he/she has been a resident of the state for the preceding five years and has previously been subject to a background check.

Volunteers

The District notifies current and prospective volunteers who have or will have unsupervised access to students on a regular basis including but not limited to volunteer coaches, advisors, and field trip chaperones that a criminal records check is required.

INTERVIEWING STUDENTS

Caseworkers of Lorain County/Erie County Children Services, any Probation Officer of Family Court, and Custody Investigator of Family Court shall, with proper identification, have the right to contact and interview any child at any school privately and without consent of parent. This is pursuant to the responsibility given Lorain County/Erie County Children Services for the investigation of abuse and neglect charges under the authority of the juvenile laws of the State of Ohio. Other law enforcement officers may talk with a child at school or take other necessary measures regulated by the judicial laws of the local, county, state, and federal government agencies. The principal shall exercise appropriate "duty of care" and act in place of the parent where necessary.

CONTACTING TEACHERS

Teachers can be reached via e-mail, a note, or voicemail. The teacher may not be able to answer the classroom phone, so the call will be returned as soon as possible. If your student is having difficulties or you have concerns, start by making an appointment to talk with the classroom teacher. Share specific information about the problem.

Most problems can be resolved through a candid discussion that results in a mutually agreed upon plan of action between the parent and teacher. Occasionally this may include assistance from the school support team (e.g., nurses, psychologist, counselor, building administrator).

Problems that cannot be resolved through discussion with the classroom teacher should be discussed with the principal. Only after all attempts to resolve the problem at the school level have been exhausted, does the central administration become involved in a problem relating to an individual student.

FIRELANDS LOCAL EDUCATIONAL PHILOSOPHY

Firelands is committed to providing a sound educational program that reflects the needs of our society and the local communities it serves. Firelands School's responsibility to the community is to provide an education which is consistent with the following tenets:

1. Education shall contribute to the continuous improvement of our democratic society and the cultures which exist through the development of concerned, contributing and patriotic citizens.
2. The dignity and worth of the individual will be respected and each individual should be given the opportunity to participate in our society to the best of his/her ability.
3. The educational program should be conducive to the maximum intellectual, physical, social and emotional development of all youth.
4. The educational programs offered should help prepare students for their successful entry into the world of work.

5. Basic knowledge, skills, understandings and appreciations are necessary for full life functioning.
6. All youth shall be introduced to the humanities and the arts and provided the opportunity to pursue further studies in these areas.
7. The continuous appraisal of the immediate and projected personal and societal needs of our youth shall be carried on to provide the basis for program changes needed to prepare them for a life of continuous growth and recognize that education is a lifelong process.
8. The development of self-appraisal skills, decision-making techniques and self-discipline by our youth should help them in assuming the responsibility for setting realistic immediate and long-range personal, academic and career goals.
9. The development of moral and ethical values on the part of youth is an important aspect of personal maturity, for which the parents should assume the primary responsibility; however, the schools will strive to reinforce their efforts.
10. Continuous physical, mental and emotional growth and development should be promoted through the maintenance of a personalized and appropriate educational program for our youth.
11. Self-realization and self-expression will be encouraged.
12. The educational program shall meet or exceed State Board of Education standards.
13. The development and implementation of a program of continuous evaluation based upon stated goals and objectives is necessary for effective program revision and improvement.

GUIDANCE/ACADEMIC INFORMATION

SCHOOL COUNSELORS

A full-time counselor is available to serve the educational, vocational, social, and personal needs of students. If you wish to see a counselor, please arrange an appointment. The counselor will then send for you at the appointed time. Please see the guidance website for your student's school for up-to-date information.

SPECIAL NEEDS

A range of services is available for students aged 3-21 who have been identified with disabilities in compliance with ORC 3323.05 and 3323.08. These services are tailored to the student's individual needs after a thorough assessment and collaborative planning with parent involvement. If you suspect that your child may have a disability that is affecting his or her learning, contact the teacher, school counselor, or school psychologist. The Firelands School District further assures disabled students and their parent's procedural safeguards with respect to the identification, evaluation, educational placement or program of a disabled child.

For children birth through age two, a disability means that a child has a delay in one or more of the following areas: adaptive behavior, cognition, communication, physical development, and/or social or emotional development. For children ages three through five, a disability means that a child has a documented deficit in one or more of the following areas: communication skills, hearing abilities, motor functions, social-emotional behavior functioning, or vision abilities. School age children can be referred for assessment by teachers, administrators, professional school personnel, and through cooperative efforts with parents.

Following proper identification and assessment, parents will be contacted to meet collectively with school personnel to review the test results. If the student qualifies for services, parents will be directly involved in all stages of developing the student's 'individualized education program' (IEP). The needs of the student are met through various services while attempting to keep the student in the general education curriculum to the extent possible.

GIFTED

The Firelands Local Schools screens all students for giftedness in Grade 2 and Grade 4 in compliance with ORC 3324.07. Additional referrals may be sent to the child's building principal for testing during the school year. The Firelands Local Schools utilizes recommended cut scores via the Ohio Department of Education to screen in content areas, specialized areas, as well as superior cognition. If a child is identified as gifted, a team will convene to identify appropriate supports for the child. A written plan will be created that may include the following options: a differentiated curriculum, cluster grouping, mentorships, accelerated coursework, post-secondary course options, advanced placement, and pull-out programs.

FOOD AND DRINK

Students are to eat and drink only in the school cafeteria. No food or drink is allowed in other parts of the school building without prior approval.

FEES

Fees are collected at the start of each school year (or upon registration for new students.) An up-to-date fee list can be found on the district website. This fee may be waived for students who qualify for free/reduced meals. This fee is due annually.

- There may be additional fees associated with field trips.
- An additional fee may be assessed if a student damages or destroys personal or school property.
- Fees may be paid online at payschoolscentral

TEXTBOOKS AND ONLINE RESOURCES

School textbooks are property of the Firelands Local Schools. Items that are lost or damaged will be billed to each student according to Board Policy. It is recommended that students keep books covered, write their names in all books, and do not loan their textbooks to other individuals. Online access is provided for some

materials. These accounts are confidential and should not be shared with other students. Contact your child's classroom teacher or building principal in cases of lost user accounts and passwords.

CCP Books – Students assigned books through College Credit Plus courses taken at a college must obtain their books through that college's bookstore. At the conclusion of the course, students are REQUIRED to return their books to the FHS Main Office. Failure to return your books will result in a fee.

CAFETERIA

Student I.D numbers: This number is what each student enters into a pin pad so their profile can be pulled up on the café computers to receive their meals. This number follows each student through high school.

Breakfast: Breakfast is available to all students. Those that qualify for a free/reduced lunch also qualify for a free/reduced breakfast. Your child will have an account on our point of sale system in which money can be deposited to use for breakfast or lunch.

Lunch Money: Pre-payment can be made to the account for as many meals as you wish. Each time a purchase is made it is deducted from your child's account. A la carte purchases are available as well at all schools.

Pay for it program (online payment) & account activity report: This program allows you to put money on your child's account with a credit card w/ a small convenience fee attached. The program has many features by providing you with your child's lunch account balance and also a short report of what has been purchased on their account. This part of the program can be used even if you choose not to make an online payment. There is no fee to use the reporting system but you still have to enter a credit card number. If you are hesitant to use your regular credit card, you can use a prepaid card w/ a small balance (i.e. \$20.00 card). You can sign up for payschoolscentral.com by going to that website, then follow the instructions listed. You will need your student's ID number

**The program will be turned off for a short time during the summer months, but will be up and running the beginning of August. Positive balances will be carried over to the next school year.

Lunch Assistance Forms / 1 form per family: Lunch assistance forms are completed online through FinalForms. Paper copies are available in the office upon request. Lunch assistance forms can be filled out at any time throughout the school year. For existing students receiving assistance, the form must be filled out within the first month of school to avoid the meal status changing to denied. We work as quickly as possible to process all forms. Please plan on at least 1 week to have your form processed. All families that apply for meal assistance will receive an acknowledgement letter stating if your child qualifies or is denied.

Updated meal application needed every year: The previous meal status rolls over for the first month of the following school year for existing students or until a new form is received. **If you have a new kindergarten student, a new form must be turned in ASAP to receive benefits. Younger siblings are not automatically approved. Meal status does not transfer from a previous school.**

DIRECT CERTIFICATION: If you receive a letter in August stating that your child qualifies for free meals through "direct certification", you do not need to fill out a meal application. **YOU MUST: fill out the fee waiver portion on the bottom of the notification letter that is mailed to your home and return to your child's school.**

Foodservice Information: Go to the Foodservice tab on school website to see all foodservice information and menus for all buildings

RULES FOR THE CAFETERIA: The cafeteria, besides being a lunchroom, is also a place where good human relations can be developed. Here each student is expected to practice the general rules of good manners, which one should find in the home. Some simple rules of courteous behavior which would make the lunch period pleasant and relaxed are:

1. Observe good dining room standards at the table.
2. Speak in a normal tone
3. Leave the table and the surrounding area clean and orderly.
4. Place trash in proper containers.
5. Do not leave the cafeteria while eating or carrying food.
6. Food deliveries (pizza, DoorDash, etc.) are not permitted.

LOCKERS AND LOCKS

Lockers are assigned at the beginning of the school year and should be kept locked at all times (Grades 6-12). Lockers at FES are **not** permitted to be locked. Lockers are the property of the Board of Education and

are subject to inspection at any time by authorized school personnel, law enforcement personnel, and/or K-9 unit drug alert dogs. Students will be assigned a locker and given the combination at the beginning of the school year (Grades 6-12). Lockers should be kept clean and neat. The office is not responsible for stolen items. No decals or writing of any kind is permitted on lockers. Any damages to the locker must be reported immediately to school administration. Students will be expected to pay for any writing, scratches, or damages to their lockers.

BULLYING AND HARASSMENT

Commitment: The Firelands Local Schools are committed to providing a safe, positive, productive, and nurturing educational environment for all students. Harassment, intimidation or bullying on the basis of gender, disability, race, sexual orientation, ethnic/national origin, or religion in all school environments (academic, extracurricular, school-sponsored activities and school buses) is strictly prohibited. The prohibition includes both student-on-student and staff-on-student. Retaliation against a person reporting alleged harassment, person participating in the investigation or in related proceedings is also prohibited.

The fact that the alleged harasser and the victim are members of the same protected class will not preclude the District from investigating an incident in order to determine whether harassment has occurred.

The District requires that all staff promptly report incidents of harassment using the established procedure. Staff are also required to intervene to stop the harassment unless circumstances are of a dangerous nature. Students are encouraged to immediately report incidents of harassment/bullying. However, intentional false reports of harassment/bullying will result in disciplinary action. Inappropriate behavior can be verbal, physical, or written. Examples of inappropriate behaviors include aggressive behavior, racial slurs, offensive written communication or graffiti, electronic acts (cyberbullying), teasing based on religion, race or disability, violence in a dating relationship, etc. These prohibited behaviors extend to both peer-to-peer and staff-to-student conduct on school grounds (hallways, classrooms, common areas, etc.), at school-sponsored academic and extracurricular activities (sports events, clubs, field trips, etc.) and on school buses.

Definition of Harassment/Bullying: As defined in Ohio Revised Code, harassment, intimidation, or bullying means any intentional, written, verbal or physical act that is student-on-student or staff-on-student (on school grounds, at school sponsored academic and extracurricular activities and on school buses) more than once, and the behavior causes mental or physical harm and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This includes cyberbullying (electronic acts) and violence in a dating relationship. However, inappropriate behavior does not have to include intent to harm, be directed at a specific target or involve repeated incidents to be considered harassment and prohibited by district policy. The District will investigate formal complaints.

Complaint Procedure: Students, support staff, parents/guardians or community members can make a formal complaint of alleged incidents using a Student Incident Form that is available in all building offices. Staff who become aware of incidents need to report incidents to the assigned school administrator as soon as possible. Administrators will complete the Investigation Form if the situation warrants additional attention. If there are concerns related to bullying and harassment, the first step for all is to contact the building principal. If additional resolution is sought, please contact the Director of Educational Services.

Reporting Procedure: Each building will establish a designated location in the assigned administrator's office for collections of reports of alleged harassment or bullying. All staff will be made aware of this location. All school personnel must report alleged student-on-student or staff-on-students bullying/harassment based on sex, gender, disability, race, ethnic/national origin and religion using this established procedure and specifying if the incidents are verbal, physical, cyber, etc.

Students are encouraged to report alleged incidents immediately to a staff member. School personnel that receive or witness reports or information about harassment or bullying must report the information to their building principal immediately.

Please note, persons reporting an anonymous complaint or requesting confidentially or no action to be taken on the part of the District, will be informed that the ability of the District to respond may be limited. Reasonable action that is consistent with due process rights will still be taken.

Investigation Procedure: Administrators will review all complaint forms within 24 hours of receipt. Administrators receiving a complaint will begin investigation into the situation within in 48 hours. A collaborative team will investigate the situation, complete documentation forms, file by student's last name in a confidential file, and promptly send copies to Central Office.

The investigation will include: establishment of an investigations team, interview of alleged victim, alleged perpetrator and witnesses, summary of allegation, outcome of investigation, disciplinary action, plan to prevent recurrence or new harassment, referral to law enforcement (if applicable) and written notification to custodial parents of students involved. Written reports will be distributed to parents of alleged victims and alleged perpetrators within two weeks.

A preponderance of evidence will be used to substantiate harassment/bullying.

The results of all investigations are kept at both the building and Central Office. Records will be retained at the building level as long as the student is within the building (records are forwarded upon transfer to a new building). Records of graduates will be retained for six years after graduation. Central office records are retained via the records retention schedule as set forth by the Treasurer's Office.

ELECTRONIC DEVICES

Cell phones/iPads and other electronic devices must be turned off and put away during school unless otherwise instructed by a staff member. The school is not responsible for loss or theft of cell phones or other personal property.

No electronic devices are to be used or accessible in a testing situation unless instructed by the teacher or proctor. If a student does have a device in a test situation, it may be confiscated and the test score may be negatively affected.

When using any technology device at school, students must:

- Be responsible in the use of all technology tools.
- Use technology as directed by teachers and for learning purposes.
- Students are not permitted to take pictures or video in an educational setting.
- Be responsible for the security of the device at all times.
- Keep themselves and fellow students safe by:
 - Not giving out personal information online.
 - Protecting passwords and access information.
 - Guarding against cyberbullying.
- Credit the intellectual property of others when used in school work. Seek permission from individuals involved PRIOR to taking photos/videos or recording audio.
- Seek written permission from individuals involved PRIOR to publishing or sending photos, audio or video to anyone else or to any online space.
- Think critically about the information found online to determine the reliability of that information.
- Talk to a teacher or another adult if:
 - Help is needed online.
 - The student comes across sites that are not suitable.
 - Someone writes something that causes discomfort or asks for private information.
 - The welfare of other students at school is being threatened.
- Texting, answering, or placing calls and messages during the school day, unless specified for learning purposes is never allowed.

ACCEPTABLE USE & INTERNET SAFETY POLICY

Source: Board Policy EDE & EDE-R

Technology can greatly enhance the instructional program, as well as the efficiency of the District. The Board recognizes that careful planning is essential to ensure the successful, equitable and cost-effective implementation of technology-based materials, equipment, systems and networks.

Computers and use of the District network or online services support learning and enhance instruction, as well as assist in administration. For purposes of this policy computers include District-owned desktop computers, laptops, tablets and other mobile computing devices.

All computers are to be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this policy and the guidelines below will result in the revocation of the user's access privilege. Unacceptable uses of the computer/network include but are not limited to:

1. violating the conditions of State and Federal law dealing with students' and employees' rights to privacy, including unauthorized disclosure, use and dissemination of personal information;
2. using profanity, obscenity or other language that may be offensive to another user or intended to harass, intimidate or bully other users;
3. accessing personal social networking websites for noneducational purposes;
4. reposting (forwarding) personal communication without the author's prior consent;

5. copying commercial software and/or other material in violation of copyright law;
6. using the network for financial gain, for commercial activity or for any illegal activity;
7. "hacking" or gaining unauthorized access to other computers or computer systems, or attempting to gain such unauthorized access;
8. accessing and/or viewing inappropriate material and
9. downloading of freeware or shareware programs.

The Superintendent/designee shall develop a plan to address the short- and long-term technology needs and provide for compatibility of resources among school sites, offices and other operations. As a basis for this plan, he/she shall examine and compare the costs and benefits of various resources and shall identify the blend of technologies and level of service necessary to support the instructional program.

Because access to online services provides connections to other computer systems located all over the world, users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control the content of the information available on these systems. Some of the information available is controversial and sometimes offensive.

The Board does not condone the use of such materials. Employees, students and parents of students must be aware that the privileges to access online services are withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established. A user's agreement is signed to indicate the user's acknowledgment of the risks and regulations for computer/online services use. The District has implemented technology-blocking measures that protect against access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, harmful to minors. The District has also purchased monitoring devices, which maintain a running log of Internet activity, recording which sites a particular user has visited.

"Harmful to minors" is defined as any picture, image, graphic image file or other visual depiction that:

1. taken as a whole and with respect to minors appeals to a prurient interest in nudity, sex or excretion;
2. depicts, describes or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts or a lewd exhibition of genitals and
3. taken as a whole, lacks serious literary, artistic, political or scientific value as to minors.

The District will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

Annually, a student who wishes to have computer network and internet access during the school year must read the acceptable use and internet safety policy and submit a properly signed agreement form. Students and staff are asked to sign a new agreement each year after reviewing the policies and regulations of the District. The District reserves the right to amend policies and regulations as necessary throughout the school year. Users are notified of the updated policies and regulations and must comply with the updated requirements. These policies and regulations also apply to use of District-owned devices, or accessing of District intranet and software programs off District property. All users using platforms established for e-learning regardless of whether the student or employee is using a personal or District provided device must be used in accordance with the standards for conduct outlined in this policy and the accompanying regulation. Users in violation of this policy or the accompanying regulation may be subject to discipline.

The following guidelines and procedures shall be complied with by staff, students or community members who are specifically authorized to use the District's computers or online services.

1. Use appropriate language. Do not use profanity, obscenity or other language that may be offensive to other users. Illegal activities are strictly forbidden.
2. Do not reveal your personal home address or phone number or those of other students or colleagues.
3. Note that electronic mail (email) is not guaranteed to be private. Technology coordinators have access to all messages relating to or in support of illegal activities and such activities may be reported to the authorities.
4. Use of the computer and/or network is not for financial gain or for any commercial or illegal activity.
5. The network should not be used in such a way that it disrupts the use of the network by others.
6. All communications and information accessible via the network should be assumed to be property of the District.
7. Rules and regulations of online etiquette are subject to change by the administration.

8. The user in whose name an online service account is issued is responsible for its proper use at all times. Users shall keep personal account numbers and passwords private. They shall use this system only under the account numbers issued by the District.
9. The system shall be used only for purposes related to education or administration. Commercial, political and/or personal use of the system is strictly prohibited. The administration reserves the right to monitor any computer activity and online communications for improper use.
10. Users shall not use the system to encourage the use of drugs, alcohol or tobacco nor shall they promote unethical practices or any activity prohibited by law or Board policy.
11. Users shall not view, download or transmit material that is threatening, obscene, disruptive or sexually explicit or that could be construed as harassment, intimidation, bullying or disparagement of others based on their race, color, national origin, ancestry, citizenship status, sex, sexual orientation, age, disability, religion, economic status, military status, political beliefs or any other personal or physical characteristics.
12. Copyrighted material may not be placed on the system without the author's permission.
13. Vandalism results in the cancellation of user privileges. Vandalism includes uploading/downloading any inappropriate material, creating computer viruses and/or any malicious attempt to harm or destroy equipment or materials or the data of any other user.
14. Users shall not read other users' mail or files; they shall not attempt to interfere with other users' ability to send or receive electronic mail, nor shall they attempt to read, delete, copy, modify or forge other users' mail.
15. Users are expected to keep messages brief and use appropriate language.
16. Users shall report any security problem or misuse of the network to the teacher, his/her immediate supervisor or building administrator.

BUS TRANSPORTATION

Printed below are the major rules and regulations relating to school bus safety developed by the Ohio Department of Highway Safety. They are provided for your information and we encourage you to discuss them with your children. By working together, we can insure safe and efficient student transportation for our children.

1. All school rules are in place while students are at the bus stop and riding on the bus. Students that disrupt the safe operation of the vehicle or safety of others while at the bus stop may have school consequences, such as detention, WDA (weekday disciplinary assignment), suspension from school, or removal from the bus.
2. The driver is in charge of the bus and is responsible for orderly conduct.
3. Students should conduct themselves as they would in a classroom, except that reasonable conversation is permissible. Horseplay, switching seats, throwing things and similar misconduct is not allowed.
4. Students must use school appropriate language.
5. Students must sit in their assigned seats as determined by the driver.
6. Students are required to keep the bus clean and sanitary by refraining from eating or drinking on the bus at any time.
7. Students may only bring items needed for school on the bus. Students must obtain permission from the driver before bringing anything unusual aboard. The following items are prohibited from being brought on the bus:
 - a. Animals
 - b. Weapons
 - c. Glass
 - d. Aerosol cans
 - e. Alcohol, Drugs, or Tobacco (including electronic smoking devices)
 - f. Medication (unless the student has permission from the office to self-carry)
 - g. Any item that is too large to fit in the students lap
 - h. Any item that is potentially harmful to other students
8. Wherever possible, group pick-up points will be established. A group pick-up is a central place where children from several homes can meet safely for getting on or off the bus.
9. Students shall ride the bus to which they are assigned, including shuttle buses.

10. Students are required to be at the bus stop 5 minutes prior to the pick-up time and wait in a location clear of traffic, 10 feet from the road. To ensure safety, students are encouraged to wear light colored or reflective clothing when going to and from the bus stop.
11. Students shall cross the road 10 feet in front of the bus. The driver will signal students when it is safe to cross by dropping their hand. At that signal, students shall walk to the center of the road and look both ways before continuing to cross the road, then report to a designated place of safety on their residential side of the road.
12. If the bus driver sounds the horn that indicates DANGER. At this signal, students should immediately look to the driver for a safe course of action.
13. Students must keep their heads, hands, arms, and objects inside the bus and inside of their seat area.
14. Students shall ride the bus facing the front of the bus with their back on the seat back and feet on the floor for their protection.
15. Only the students that are assigned to the bus may ride the bus route. On non-routine trips, only the pre-approved chaperones and student participants may ride the bus.
16. Teachers, coaches, chaperones are responsible for maintaining acceptable student behavior when school buses are transporting students to and from activities. The driver will make the final decision in regards to the safety of their bus when the bus is moving.
17. Students may use the rear door of the bus only in an emergency.
18. Students must keep their hands, feet, and bodily fluids to themselves at all times.
19. While at a bus stop, turn-around, or railroad crossing, students must remain quiet.
20. Students must remain seated until the bus comes to a complete stop.

VISITORS

- All visitors, including parents and volunteers, must report to the school office or security desk immediately upon entering the school to sign in and obtain a visitor's pass. This procedure is strictly enforced by the Firelands Schools for the safety and security of our students.
- Visitors will be required to provide a photo ID and scan in through the RAPTOR system.
- Students from other schools are not permitted to visit classes during the school day. Exceptions may be made, at the principal's discretion, for families who are considering sending their children to the school or in other special situations.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, supplies, and furniture supplied by the school. Students, who disfigure property, break windows, or do other damage to school property or equipment will be required to pay for the damage done or replace the items. Students may not tamper with the fire alarms, fire extinguishers, or any electrical systems. Anyone who willfully destroys school property through vandalism, arson, larceny, or who creates a hazard to the safety of our students will be referred to the proper law enforcement agency in addition to school discipline.

SCHOOL FEES

Fees or deposits required of students will be held to a minimum as stipulated by the Board of Education. All fees will be due at designated times. Failure to pay fees may result in loss of privileges, credits being withheld, and denial of participation at graduation.

TELEPHONE USAGE

Students will not be called to the phone. Only messages of an urgent nature from a parent/guardian will be delivered to a student. Calls from the Main office may be made with permission from the administration. Students may not use their cell phones to call home unless they have obtained permission. Students may not use their cell phones to take pictures or video while in school.

CLUBS AND ACTIVITIES

School activities enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. Each student also has the opportunity to join the many clubs open every year. It is

possible for students to request any new club or activity if enough students are interested in it, a faculty sponsor is available, and if space and facilities can be provided. The process to start a new club is as follows:

1. Find a potential faculty advisor for your club
2. State the name and purpose of the club
3. Identify what office positions will be held within the club
4. Identify the philosophy and goals of the club
5. Identify community service projects in which the club can participate
6. Submit to the Principal for approval

FUND RAISING

The principal must approve all fundraising projects. Projects which involve selling merchandise to residents of our community should be limited. Tickets or articles of any kind, other than those associated with school-sponsored activities, are not to be sold on school property by students or outside organizations.

SAFETY DRILLS

Throughout the year, fire, tornado, and other safety drills are conducted on a regular basis. The procedures are posted in each classroom and reviewed regularly. Safety procedures must be followed without exception.

- Students must be orderly and silent, such that they can follow all directions given by teachers, administrators, or other school personnel.
- Students and staff members **MUST** silence cell phones and refrain from talking during drills.

BUILDING AND GROUNDS SECURITY

The School Board recognizes the value of electronic surveillance systems in monitoring activity on school property and in school vehicles in protecting the health, welfare, and safety of its students and staff. Carefully weighing the rights of privacy of students and staff against the district's duty to maintain order and discipline, the Board authorizes the use of electronic surveillance systems in all school buildings.

CAMERAS

1. The administration notifies its students and staff that camera surveillance may occur on school property and in school vehicles. Notices are placed in student and staff handbooks.
2. The use of cameras in transportation vehicles is supervised by the building principals and the transportation supervisor.
3. The use of cameras is subject to district policies concerning the confidentiality of student and staff records.
4. Surveillance cameras are used only to promote order, safety, and security of students, staff, and property.

EMERGENCY WEATHER PLAN / SCHOOL CLOSINGS

In the event of severe inclement weather or mechanical breakdown, school may be closed or starting time delayed. Should weather conditions merit the implementation of a "severe weather option", families will receive an automated call with information regarding a delay or cancellation. It will also be posted on the Firelands website, Firelands Facebook page, Twitter, and local TV news stations: **(3, 5, 8)**

Every effort will be made to have the automated call as early as possible. We ask that you do not call the schools nor staff members during severe weather periods as their telephones will need to be kept available for emergency communications. If no report is heard, it can be assumed that school will be in session. Please do not call the school.

TWO-HOUR DELAY

In the event that dangerous weather occurs prior to the start of school, the district may opt to delay the start of school for two (2) hours. This delay will allow road crews, salt, and sunlight to dissipate the hazard.

If we announce a delay, school will start two hours later than usual. The dismissal time will remain the same. At the high school only, for two hour delay on Wednesday and Thursday classes start at 9:30am and follow the Two-Hour Delay schedule, not a block schedule.

See [BELL SCHEDULES](#) in the high school section for the delay schedule and adjustments for the different days of the week. Delays will only be announced when circumstances dictate extra caution; they will not be used to "buy" time on a school closing.

POWER FAILURE

In the event of a power failure, remain in your classroom. Please be quiet and wait for further instructions. Information will be given to you as it becomes available.

DRESS AND GROOMING

- Appropriate dress and grooming enhance school safety, improve the academic environment, promote good behavior, and eliminate unnecessary distractions from learning.
 - Students are expected to dress comfortably so that they feel free to enjoy physical education, recess, and art classes without worrying about their clothing.
 - Students should come to school dressed for the weather, including boots, gloves, hat, and coat when appropriate.
 - All students need a suitable pair of gym shoes for physical education classes and some kind of covering (e.g., an adult's old T-shirt) for art classes.
 - Clothing must be appropriate to the activities for which it is to be worn.
 - Clothing, shoes, and accessories may not create unusual safety or health hazards to the wearer or others.
- Students are not permitted to wear coats in school.
- Students are not permitted to wear bare midriff tops. Tops that cannot stay tucked in when the student reaches up should not be worn.
- Shorts and skirts are not to be above a finger-tip length. Any rips or tears in pants must also not be above finger-tip length.
- Shoes or sandals must be worn at all times. Flip-flop shoes and slide shoes or shoes with wheels are prohibited. All shoes **MUST** have backs on them.
- **NO bags** are permitted to transport books and/or materials to and from class except for physical education and/or prior administrative approval.
- Clothing and accessories may not distract from the educational process.
- Clothing may not cause damage to school property or cause damage to personal property.
- No "sagging" pants will be permitted.
- No clothing that exposes undergarments and/or private body parts is permitted.
- Hats, scarves, bandanas, sweatbands, or other headwear may not be worn in the building, except for approved religious reasons.
- No clothing and/or accessories that promote drugs, alcohol, tobacco, sex, violence, or that violate the school harassment policy is permitted.
- Students may not wear hoods, sunglasses or other accessories that limit identification.

The school administration reserves the right to determine what is appropriate appearance and dress. Students whose dress or grooming is inappropriate will be asked to make the necessary adjustments to their dress and return immediately to class. If a student refuses to cooperate and/or has repeated dress code violations, a parent contact will be made and disciplinary action may be taken.

COMMUNICABLE DISEASE

Concern of any school is the spread of a disease throughout the entire school population. Communicable disease can spread rapidly if not controlled immediately (ex. Chicken pox, measles, pink eye, mumps, impetigo, scabies, and head lice). Any child coming to school with symptoms resembling a communicable disease will be seen by our school nurse or sent home immediately as a precautionary measure. Once determination is made, the child will need to receive the appropriate treatment, either by seeing a doctor or following a prescribed treatment monitored by the school nurse. Students must comply with State of Ohio immunization requirements as outlined in the Ohio Revised Code.

ADMINISTRATION OF MEDICINE

State law, effective January 1985, outlines the school's authority and/or responsibility for the administration of medication to students within very specific regulations. Many students are able to attend school regularly through effective use of medication in the treatment of disabilities or illnesses that will not hinder the health or welfare of others. If possible, all medication should be given by the parent at home. Students may not have medication of any kind in their possession unless they have a prescription on file for self-carry. If this is not possible, it will be done in accordance with the following:

1. Prescription and/or over-the-counter medication may be dispensed to students by a school employee only after the office has received a Physician's Request for the Administration of Medication in School. These forms are available in the Main office.
2. All medications must be in their original containers.
3. Any medication to be administered at school must be delivered to the school by a parent/guardian.

DRUG TESTING

Firelands Local Schools has implemented a policy which will attempt to provide the district with a safe and healthful student program. This policy reflects the schools' and the community's strong commitment to establish a truly drug, alcohol, and nicotine free school environment. This policy applies to all athletes and student parking pass holders from grades 9-12, and via written request from parent(s) /guardian(s). The program does not affect the current policies, practices, or rights of the District regarding student drug and / or alcohol possession or use, where reasonable suspicion is established by means other than drug testing through this policy. Students involved in extracurricular activities need to be exemplary in the eyes of the community and other students. The drug testing and education policy is designed to create a safe, drug free environment for students and assist them in getting help when needed. Although students risk the loss of continued participation in extracurricular activities, no student shall be suspended or expelled from school as a result of any verified "positive" test conducted by his / her school under this program. No student will be penalized academically for testing positive for banned substances. Note: The use or possession of materials and / or substances to alter drug testing results or tampering with the process of drug testing is a violation of the student and the athletic handbooks. These actions carry the same consequences of a violation of the drug testing. The results of drug tests will not be documented in any student's academic record.

If a positive test occurs **or** if a student refuses to take part in the random drug testing:

In either case, under IGDJA, your student is required to make an appointment with a certified chemical dependency counselor (or at an agency certified by the Ohio Department of Health and Human Services and/or the Ohio Department of Alcohol and Drug Addiction Services) for a chemical dependency assessment, and then will follow the recommendations of the drug and alcohol counselor. The student and/or parent/guardian/custodian are responsible for all expenses and for providing the building principal with documentation that the student has completed all assessments and recommendations of the counselor. Listed below are the consequences associated with this positive drug test/ refusal to test.

- ❑ **First Violation:** The student will be refused parking privileges or the privilege of participating on an athletic team until the student has completed and provided written documentation of the alcohol and drug assessment and the recommendations from this assessment. If the student and/or parent/guardian/custodian does not follow through on the recommendations, and continue to provide documentation of the follow through of the recommendations, the student will lose immediately the privilege of parking on the campus of Firelands High School and/or will not be permitted to participate in any manner with their sport team. The student is also subject to five random drug tests over the next six months, regardless of whether they are still in season (if related to a sport).
- ❑ **Second Violation:** The student will be denied participation for 50% of the entire amount of contests of that athletic season and denied parking privileges for 90 school days. The student is also required to subject to random drug tests for the remainder of the regular season and to five random drug tests over the next six months, regardless of whether they are still in season (if related to a sport). The student is also responsible for further drug/alcohol assessments and to follow through on the recommendations of these assessments, as stated in the First Violation standard of the FLS Drug Testing Protocol. Failure to comply with these requirements may result in a permanent denial of participation in athletics and/or a permanent denial of parking privileges.
- ❑ **Third Violation:** The student shall be denied participation in athletics and District driving and/or parking privileges immediately for one calendar year. The student will have the opportunity to request a re-instatement to participate in athletics and/or parking privileges after one calendar year from the third positive test if they follow the below protocol. A student may only apply for re-instatement ONCE

during their secondary career. Below are the steps required to apply for reinstatement: The student shall be drug tested EACH time a random drug test occurs:

- Have consistent negative drug tests prior to the application for re-instatement for one calendar year
 - Have documentation that a licensed drug/alcohol counselor has completed a drug/alcohol assessment on the student and that the student has followed through on the recommendations of the counselor. This assessment is required to be completed AFTER the third positive test
 - The student maintains a GPA of over 2.0 and has no disciplinary referrals. If a student at any time produces a positive drug test while under the third violation, they will automatically proceed to the fourth violation under the policy. Violations are cumulative throughout the student's secondary school career.
- **Fourth Violation:** The student is permanently denied participation in athletics and FLS driving privileges immediately. **Please note that violations are cumulative throughout the student's secondary school career at FHS (Grades 9-12)**

ATTENDANCE RULES AND REGULATIONS

ATTENDANCE

When a student is absent from school, we ask the parents to take the following steps:

1. Notify the school when your student is absent. If you do not notify the school then you will receive an automated phone call from the school notifying you that your student is not in school.
2. Submit a note with the student name, date(s) of absence, and reason for absence upon the student's return to school. The Firelands Board of Education approves absences as excused for the following reasons: student illness; illness in the student's family necessitating the presence of the student; needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved by the Superintendent (applies to students over 14 years of age only); death in the family; quarantine for contagious disease; observance of religious holidays; traveling out of state to attend a Board-approved enrichment activity or extracurricular activity; college visitation; absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status; absences due to a student being homeless. Absences due to court or medical appointment will only be excused by a note from the court or medical facility.
3. If it is necessary for a student to leave school before the end of the school day (or before after school obligations are completed), a written request must be supplied from parents or guardians. The written request should be brought to the school/attendance office before the start of school on the day the student is to be excused. If the reason for the absence is due to a court or medical appointment, the student must still bring a note from the court or medical facility upon their return to school.
4. If it is necessary for a student to leave school before the end of the school day (or before after school obligations are completed), a written request must be supplied from parents or guardians. The written request should be brought to the school/attendance office before the start of school on the day the student is to be excused. If the reason for the absence is due to a court or medical appointment, the student must still bring a note from the court or medical facility upon their return to school.
5. If it is necessary for a student to leave school before the end of the school day (or before after school obligations are completed), a written request must be supplied from parents or guardians. The written request should be brought to the school/attendance office before the start of school on the day the student is to be excused. If the reason for the absence is due to a court or medical appointment, the student must still bring a note from the court or medical facility upon their return to school.
6. Students who are tardy to school must report directly to the school office. To be excused, a student must have a written note or phone call from a parent stating the reason for the tardiness. Legitimate excuses are doctor's appointments or unavoidable schedule conflicts. Excuses such as oversleeping or missing the bus are not acceptable even if accompanied by a note from a parent. Unexcused tardy students will be subject to school discipline as outlined in the handbook.

HOUSE BILL 410

House Bill 410 defines “excessive absences” to be 38 or more hours in a school month; or 65 or more hours in a school year. This includes all absences, excused or unexcused, but not absences accompanied by a medical excuse. Students that have “excessive absences” as defined by HB 410 will receive written notification of the absences. Students that meet the definition of “excessive absences” shall be required to provide medical excuses for all future absences.

House Bill 410 defines “habitual truancy” to be absences without legitimate excuse that consist of 30 or more consecutive hours of absence; or 42 or more hours in a month; or 72 hours or more in a school year. For students that meet the criteria defined as “habitual truant,” an intervention plan will be developed by a team consisting of, at minimum, two school employees, the parent(s)/guardian, and the student. The administration will file a complaint with the juvenile court on or before the 61st day of implementation of the plan if the student does not show improvement in school attendance while under the intervention plan.

EARLY DISMISSALS

On any given school day a student asking permission for an Early Dismissal must present to the main office a parent/guardian handwritten note upon arrival to school. Any Early Dismissal note which is written by a person(s) other than a parent/guardian may result in disciplinary action.

MAKE-UP WORK DURING AN EXCUSED ABSENCE: Students are responsible for all work missed during an absence. It is the student’s responsibility to work with his/her teacher to make up all work. Students have one day plus the number of days absent to complete the work they missed during an absence. Long-term assignments and/or unit tests with clearly communicated deadlines may be given lower grades if not completed in accordance with the deadline.

MAKE-UP WORK DURING AN UNEXCUSED ABSENCE: Students receiving unexcused absences must make up their work. All missed tests or quizzes will be given the next day following return and will be scheduled by the teacher. Each case will be considered on its merits by the principal and the respective teacher(s).

ABSENCES AND AFTER SCHOOL ACTIVITIES/EXTRA-CURRICULAR: Students who are absent from school (other than school-approved absences) are not allowed to attend after-school activities that day. This includes extracurricular activities, athletic practices/events, and after-school programs. Students who leave school early may not be permitted to participate in after school activities without administrative approval.

REQUESTING SCHOOL WORK FOR ABSENT STUDENT

Students who will be absent from school for an extended period of time can have school work picked up for them. Parents/guardians should contact the office prior to make arrangements for schoolwork 24 hours in advance of picking the work up. **Parents and students are encouraged to check their PowerSchool account, Google classroom, or email individual teachers for assignments.** Please note, unless there are extenuating circumstances, all pre-arranged school work must be turned in the day the student returns to school.

VACATION PROCEDURE

Parents wishing to take their student on vacation must submit a written note prior to the vacation. The board does not believe that students should be excused from school for vacations or other nonemergency trips out of the school district. The responsibility for such absences resides with the parent(s) and they must not expect any work missed by their student to be retaught by the teacher. Parents may request work for the student prior to the first day of absence. This request will be honored to the best of the teacher’s ability taking into consideration the amount of notice and length of absence. Students will have the same number of days absent to make up missed work.

PROCEDURES FOR EARLY DISMISSAL

Students are not permitted to leave the school building and/or grounds at any time during the school day without permission from the main office. Failure to follow this procedure may result in disciplinary action.

LEGAL NOTIFICATIONS

HOMELESS ASSISTANCE

McKinney-Vento Homeless Assistance Act McKinney-Vento is the federal legislation dealing with the education of children and youth experiencing homelessness in U.S. public schools. It was reauthorized as Title X, Part C, of the No Child Left Behind Act. The McKinney-Vento program is designed to address the problems that homeless children and youth have faced in enrolling, attending, and succeeding in school. Under this program, state educational agencies (SEAs) must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youth. Homeless children and youth should have access to the educational and other services that they need to enable them to meet the same challenging state student academic achievement standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment. States and districts are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth. Under the McKinney-Vento Act, children in homeless situations have the right to:

- Attend school, no matter where they live or how long they have lived there.
- Enroll either the local school or the school of origin (the school of origin is the school the child attended when he/she was permanently housed or the school in which the child was last enrolled), if this is in their best interest.
- Enroll, attend classes and participate fully in all school activities while the school arranges for the transfer of records.
- Have the same rights and access to programs/ services that are available to all other students including supplemental services.

MEDICAID PROGRAM

We are pleased to inform you that the Medicaid Program now allows Ohio School Districts, including the Firelands Local School District, to receive Medicaid funding for eligible services provided to students with disabilities. The eligible services covered in school districts include: occupational and physical therapy, speech/language therapy, audiology, nursing, school psychology, and counselor and social work services. This program is known as the Ohio Medicaid School Program (OMSP) and the Firelands Local School District is a designated healthcare provider under this program.

If your child is covered by Medicaid health insurance through Ohio Healthy Start, the Medicaid Assistance Program, Healthy Families, or the WIC Program, this letter applies to your family. However, no action is required on your part, and your Medicaid insurance benefits are NOT reduced or affected by this program (per Ohio Administrative Code 5101:3-34-01.2).

Under Federal Education law, we must inform you of two things:

1. In order to be paid for the services we provide to your child, we must send the Ohio Medicaid Agency the following information:
 - a. Your child's name, Medicaid number, and Birth date
 - b. Service code (numerical code that identifies the service(s) provided)
 - c. Service time spent with your child (number of minutes)
2. We need your permission to send this information to the Ohio Medicaid agency. However, no action is needed by you now because when you signed your Medicaid application, you gave permission to any Medicaid Healthcare provider to send information to the Medicaid Agency regarding services your child received. Since this school district is now considered a Medicaid Healthcare provider, we want you to know that we plan to use your Medicaid application signature as your approval to send the necessary information.

Please be assured that your child's Medicaid benefits and limits are NOT reduced or affected in any way by the Ohio School Medicaid Program. Your consent for the Firelands Local School District to obtain payment for the Medicaid services provided to your child is voluntary and can be discontinued at any time. If you do withdraw consent, the district is still obligated to provide your child with the services authorized by his/her Individualized Education Program (IEP).

If you do not want the district to bill the Medicaid program for your child's services, or if you have any questions about the information in this letter, please contact your school district. They will be pleased to assist you in any way. We very much appreciate your support as we continue to provide your child with the services he/she needs.

NOTICE OF NON-DISCRIMINATION

Firelands Local School District does not discriminate on the basis of race, color, national origin, ancestry, religion, gender, sexual orientation, disability, age, or veteran status in its programs and activities. The following person has been designated to handle inquiries regarding the nondiscrimination policies: Keri Angney, Title IX Coordinator, 112 N. Lake Street, S. Amherst, OH 44001, 440-965-5821

STUDENT RECORDS

The student's permanent record contains the birth certificate, registration form, medical form, attendance record, standardized testing data, copies of the reporting forms and certain other information pertinent to the child's education (e.g., data from transferring school).

The Federal Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the School District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School District discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA.

RELEASE OF STUDENT INFORMATION, PHOTOS, & VIDEOS

Reporters, photographers, and videographers occasionally visit the schools to report on news and events, either for the District's own publications and website, or for newspapers, magazines, or television. All media visits to classrooms must be approved by the school principal. A School District staff member is always present. Children with special needs are never identified without express permission from the parent or guardian.

Release of Student Information to Military Recruiters: Under federal law, the District is required to provide military recruiters with contact information for secondary school students, unless the parent or student (if 18 or older) denies permission.

If you do not want your student to appear in photos or videos, or if you do not want his/her information released to military recruiters, please contact the school principal.

TITLE I

Part of the Elementary and Secondary Act, currently known as ESSA, Title I is a federal entitlement program that provides the district and schools serving low-income families with funds to improve student achievement.

District and school allocations are based on the number and percentage of students who are eligible for free or reduced-price lunches. The numbers vary each year. There are four guiding principles in ESSA:

1. Schools are expected to teach students using standards-based curriculum and scientifically based methods proven to be successful.
2. Schools and districts are accountable for demonstrating that all students are meeting academic goals each year. Schools not making adequate progress for two or more consecutive years in reading or math are in "school improvement" status.
3. Teachers and instructional paraprofessionals must be highly qualified. School districts must develop plans to ensure highly qualified teachers and instructional paraprofessionals in Title I funded programs.
4. Parents must be given information, rights and choices concerning their child's education. ESSA states parents have a right:
 - to have access to their child's individual performance levels on the statewide assessments;
 - to know if their child's school is making adequate yearly progress (links to Ohio Department of Education Local Report Cards) ilrc.ode.state.oh.us;
 - to know the qualifications of their child's teachers;
 - to be informed if their child is being taught by a substitute or a non-highly qualified teacher for longer than four consecutive weeks; and
 - to know about school choice and supplemental educational services.

STUDENT CODE OF CONDUCT

H.B. 421 requires each Board of Education to adopt a set of rules and regulations designed to maintain order and discipline necessary for effective learning. The Board of Education's primary concern is that students who wish to learn can do so in an environment conducive to learning and that every available disciplinary and prescriptive mean are employed on behalf of those who would deny such an environment. The sole objective of this Code is to insure fair and equitable handling of disciplinary problems.

A student's main goal in school is to get an education. It is the responsibility of the school to provide that education and to prevent anyone from interfering with the achievement of that goal. Most discipline problems in school center around students disrupting others. Teachers will handle disciplinary offenses through a variety of methods. These include conferences with students, contacting parents, assigning detentions, referral to the office, or any other suitable method they deem appropriate to the situation. Any student who is intentionally unwilling to respond to reasonable control and authority may be suspended from school or expelled. The disciplinary measure to be used will be left to the discretion of the school administration. See Suspension/Expulsion Board Policy.

This code of conduct is in effect while students are under the authority of school personnel or involved in any school activity. This includes but is not limited to school buses and property under the control of school authorities, and while at interscholastic competitions, extracurricular events, or other school activities or programs as well as to and from school. In addition, the Code of Conduct includes:

1. misconduct by a student that occurs off school district property but is connected to activities or incidents that have occurred on school district property; and
2. misconduct by a student that, regardless of where it occurs, is directed at a district official or employee or the property of an official or employee.

Violation of the Code of Conduct may result in verbal or written warning or reprimand, referral to guidance counselor, parental contact or conference, detention, in-school suspension (if available), Wednesday Disciplinary Assignment (WDA), community service, emergency removal, referral to law enforcement agencies, suspension or expulsion.

The Joint Vocational School (JVS) is an extension of our school program; therefore, students who elect to attend the career center are subject to disciplinary action based upon the Student Code of Conduct of either Firelands High School and/or the JVS. Consequently, conduct and/or involvement in any activity that may or does result in disciplinary action by one school may be grounds for similar disciplinary action by the other school.

Whenever self-discipline fails, it is necessary for adult staff members to enforce good order and discipline. Therefore, the Firelands Local Board of Education shall:

1. Recognize the teacher as the person in authority to maintain the decorum of the classroom and building.
2. Delegate to the school official and teachers the authority to enforce regulations regarding conduct of students.
3. Not participate in any disciplinary problems until they have been fully investigated by the school administration.
4. Support teachers and administrators to the fullest in their efforts to maintain proper decorum among students.

5. Authorize principals to use such discipline or punitive measures within the limits of the law necessary to ensure a properly functioning school organization.

SEARCH AND SEIZURE

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of a law or school rule. School authorities may also conduct random searches of lockers and student vehicles at any time and without notice. Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated.

DETENTION

Detention is a consequence that requires a student to report to a designated area of the school during a specified time on a school day (typically either recess or after school) and remain there for a specified period of time, but also may require a pupil to report to that part of school at a certain time outside of regular school hours, e.g. "Weekday Disciplinary Assignment." All consequences are at the discretion of the school administrator.

LOSS OF BUS RIDING PRIVILEGES

Loss of bus riding privileges is the temporary removal of a student from school transportation. This consequence and its duration is imposed by the principal or his/her designee. If loss of bus riding privileges is imposed, students may not use school transportation for the purposes of getting to or from school for the time period it is assigned. Students may still have permission to participate in field trips or extra-curricular events that require the use of school transportation if special permission is obtained from the principal.

SUSPENSION

A suspension is the temporary removal of a child from school for a violation of school policies or rules. Suspensions are generally imposed by the principal of the school or his/her designee and can last up to 10 school days.

In order to maintain effective learning conditions, it may be necessary to deny certain students participation in the educational program for varying periods of time. A student may be suspended from school:

1. By any district administrator
2. For a period of time not to exceed ten school days.
3. For violations of the Code of Student Conduct.

Students suspended from school:

1. May not attend any school or school function during the suspension period.
2. May not be on school grounds or at any event off school grounds where FLSD is a participant during the suspension period.
3. Shall remain under supervision during school hours during the suspension period.
4. May receive assignments for work missed.

Make-up Work during Suspension:

It is the responsibility of the student to obtain work from teachers upon notice of suspension. All work must be completed and returned the first day the student returns to school after the suspension. Any missed tests or quizzes must be made up the first day the student returns to school or at the earliest convenience of the teacher.

Whenever an incident occurs that may lead to a suspension:

1. The student may be removed from the premises, curricular or extracurricular activity.
2. The Superintendent, principal, or designee shall give to the student written notice of the intention to suspend which shall include the reasons for which the student may be suspended. Parents will be contacted after discipline has been issued.
3. The student shall have an opportunity to appear at an informal hearing before the Superintendent, principal, or designee and shall have the right to challenge the reasons for the intended suspension or otherwise explain his actions. The hearing may take place immediately. Such hearing, which is informal and is not a judicial proceeding, shall:
 - a. Provide statements in support of the charge(s) against the student upon which the hearing is conducted.

- b. Provide statements by the student and others in defense of the charge(s) or explanations of the student's conduct.
- c. Make no provision for the presence of legal counsel or any prescribed judicial rules in the form of the hearing.
- d. Serve as the basis for any recommendation for expulsion.

Within twenty-four hours of the decision to suspend, notification of such suspension shall be sent in writing to the parent, guardian, or custodian of the student, the Superintendent, and the treasurer of the Board of Education.

This notice of suspension shall include:

1. The reasons for the suspension.
2. Notification as to the right to appeal the decision to the Superintendent and the right to be represented at the appeal.
3. The date and time the suspension is to begin, its duration, and the date and time the student is to return to school.
4. The conditions, if any, of the suspension.

An appeal:

1. Shall be requested within fourteen (14) days of the notice of the suspension in written form stating the grounds for such appeal.
2. Hearing shall be held by the Superintendent within fifteen (15) school days of receipt of a request for an appeal. The appeal hearing shall be closed to the public except the student has the right of representation and, if so represented; the Superintendent shall have the opportunity to also seek representation.

The decision of the Superintendent:

1. To affirm, vacate, or modify the disciplinary action shall be sent in writing within five school days to the student, the parent, the guardian or custodian of the student, the Treasurer of the Board of Education, and the principal.
2. May be appealed to the Court of Common Pleas.

EXPULSION

An expulsion is a more permanent removal of a child from school for a violation of more serious school policies or rules. Expulsions are recommended by the principal of the school and generally follow a 10 day suspension. Under Ohio law, expulsions can last up to 80 school days and may carry over to the next school year. Some expulsions can last longer than a year as per Board Policy.

In order to maintain effective learning conditions, it may be necessary to deny certain students participation in the educational program for extended periods of time. A student may be expelled from school:

1. By the Superintendent upon the recommendation of the principal.
2. For a period of time not to extend beyond the current law.
3. For violations of the Code of Student Conduct.
4. For multiple suspensions resulting from student code of conduct offenses.

Students expelled from school:

1. May not attend any school function during the period of expulsion.
2. May not be on school grounds or at any event off school grounds where FLSD is a participant during the period of expulsion. Students wishing to attend a school program as part of the audience must obtain explicit permission from the administration of that school to attend.
3. Will not receive assignments and will receive no credit for any assignments or tests given during the period of expulsion.
4. Shall remain under parental supervision during school hours for the period of expulsion.

Whenever an incident occurs that may lead to an expulsion:

1. The principal shall proceed with a suspension and recommend to the Superintendent that the student be expelled citing reasons for such expulsion.
2. The Superintendent shall give the student written notice of the intent to expel.

The notice of the Intent to Expel shall:

1. State the reasons for which the student may be expelled.
2. Set the date, location, and time of an expulsion hearing.
3. Inform the student of his right to be represented at the hearing.
4. State that the student may challenge the reasons for the expulsion at the expulsion hearing.
5. Be given to the student in written form and copies sent to the parent, guardian, or custodian of the student and the treasurer of the Board of Education within twenty-four hours.

The Expulsion hearing:

1. Shall be held no less than three school days nor more than five school days after the student is given notice of the intent to expel.
2. Shall provide the student, parent, guardian, custodian, or representative the right to challenge the reasons for the expulsion or explain the student's actions.
3. May be rescheduled to grant an extension of time if requested by the student, parent, guardian, custodian, or representative. If granted, the Superintendent must notify all parties of the new time and place.

A notice of Expulsion:

1. Shall be sent to the student with copies to the parent, guardian, or custodian of the student, treasurer of the Board of Education, and principal.
2. Shall be sent within twenty-four hours of the expulsion hearing.
3. Shall inform the student, parent, guardian, or custodian of the student's right to appeal the decision to the Board of Education.

The decision of the Board of Education:

1. Shall be made in an open session of the Board of Education.
2. May be appealed to the Court of Common Pleas.

NOTE: Board adopted policies serve as the district's governing document.

EMERGENCY REMOVAL

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on school premises, then the Superintendent, principal or assistant principal may remove the student from curricular activities or from the school premises. A teacher may remove the student from curricular activities under the teacher's supervision, but not from the premises. If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing, as soon as practicable. No prior notice or hearing is required for any removal under this policy. In all cases of normal disciplinary procedures where a student is removed from a curricular activity for less than one (1) school day and is not subject to further suspension or expulsion, the following due process requirements do not apply. If the emergency removal exceeds one (1) school day, then a due process hearing will be held within three (3) school days after the removal is ordered. If the Superintendent or principal reinstate a pupil prior to the hearing for removal, the teacher shall, upon request, receive in writing the reasons for the reinstatement. The teacher cannot refuse to reinstate such pupil even though reasons for such refusal are given. Students may be removed from the premises, a curricular setting, or extra-curricular activity for violations of the Code of Student Conduct.

All students must meet the eligibility guidelines as outlined by the Scholarship By-law of the Ohio High School Athletic Association. The following requirements must also be met to remain eligible:

Students passing the equivalent of five one-credit courses (the courses may be a combination of high school and college courses) (OHSAA requirement) per grading period but falling below the 1.50 GPA would be placed on academic probation and given until midterm to attain at least a 1.50 GPA. If this did not occur, they would be ineligible for the remainder of the grading period and until the 1.50 GPA is attained. In grades 9, 10, and 11, students must have passed the equivalent of five one-credit courses and attain a 1.50 GPA in the final grading period to be eligible for the first grading period of the next school year. A student who is passing the equivalent of five one-credit classes, but attains less than a 1.50 GPA in the final grading period would be placed on academic probation for the first grading period of the next school year.
2. Students who became ineligible at the midterm of the previous grading period, because they did not meet the requirements to be removed from academic probation, will be reinstated to full athletic privilege if they are passing the equivalent of five one-credit courses, and raise their GPA to a 1.50 or above at the end of the grading period. Students who were ruled ineligible at the midterm in the previous grading period as a result of academic probation, will remain ineligible if they cannot meet the requirements of full athletic reinstatement listed above. These students will again have their grades checked at the midterm of the current grading period to determine if they should be reinstated to full athletic privilege, as stated above.
3. An incomplete (I) will be treated as a failing grade unless the incomplete was due to calamity day(s), family tragedy, or illness or accident as verified by a physician. Students have five days after grades are posted to complete their work.
4. Summer school grades earned may not be used to substitute for failing grades from the last grading period of the regular school year.
5. A student cannot receive more than one F at the conclusion of a grading period, regardless of GPA, without being placed on academic probation until midterms to bring the F up to a passing grade. A student who still has two F's after midterms will be ineligible for the remainder of the grading period and until there is only one F.
6. Students taking College Credit Plus classes at either FHS, LCCC, or another institution, must provide written documentation of their grade in progress at the conclusion of the 1st and 3rd grading period. Student grades at the end of each semester will be the determining factor regarding eligibility for the 2nd and 4th grading periods. All College Credit Plus students are responsible for their eligibility requirements for courses taken off the FHS campus.
7. All 7th and 8th grade students must have received passing grades in at least five classes during the immediately preceding grading period.
8. A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of the previous academic achievement. Office Hours 8:00 am – 4:00 pm

FIRELANDS ELEMENTARY SCHOOL'S DAILY SCHEDULE

Students may enter the building at 8:25 a.m. If students arrive after the 8:40 am bell, a parent/guardian must sign them in at the Main Office. Students who are getting picked up for an appointment must be signed out by parents before leaving the building. For safety and security reasons, please be prepared to show photo identification if you are picking a child up from school at any time. Dismissal begins at 3:25 p.m. each day.

RESPONSIBILITY FOR EACH AND EVERY CHILD

The school's responsibility for our students begins when they enter either the bus or school grounds and ends when they exit either the bus or the school grounds. It is extremely important that you notify the school in advance of a change in a student's arrival or departure time due to medical or dental appointments. Students will be called to the Main Office to meet their parents when they have an appointment. ***Students always need a written note for a change in their typical dismissal routine. If a parent/guardian calls the office, staff will also request an email to verify that the correct person is making the request or staff will call the person back to verify. The email should be sent to fesattendance@firelandsschools.org. Also, notes about a change in transportation should be received by 1:00 pm each day to ensure that all information is communicated in a timely manner. Anything received after 1:00 pm cannot be accommodated. Thanks, in advance, for your cooperation.***

PARENT DROP-OFF AND PICK-UP PROCEDURES

In order to make the school environment safe and orderly for our students, we will continue to utilize specific procedures for the drop-off and pick-up of students.

****Please note that updated details will be communicated as procedures are finalized for the 2022-2023 school year. This will include a change in direction for both drop-off and pick-up.**

DROP-OFF

Students should be dropped off at the front of the building (Vermilion Road) by the main entrance no later than 8:40 am each morning. Cars will need to enter the marked entrance between the middle school and elementary. Cars will be directed to pull up in front of the building – heading south, towards the library entrance. Students should exit from the school-side of the car (*driver side*) wherever along the sidewalk the car comes to a stop. Please be patient as the students get out of their cars. This is critical for the safety of our students at all times. Thank you for your cooperation!

PICK-UP

At 3:25 pm, children will be sent to the Parent Pick-Up location (main gym) if they are getting picked up. Parents/guardians are required to have the school-issued car tag hanging from the rear view mirror with their child(ren's) last name in large, bold letters, followed by first names in a smaller size. Anyone not having this tag will be asked to park the car and enter the front of the school to pick up their child(ren) in the main office. Parents will enter the pick-up line by the middle school and follow the designated path to the elementary school to pick up their child. As parents arrive, they will need to park in the red zone. Please stay in the red zone until directed by staff. Parents/guardians should not be on their cell phones as they approach the elementary school. More details about this pick-up procedure are available in the main office.

CAFETERIA

Lunch Money: We do not accept money during breakfast or lunch at the elementary. This helps to alleviate a hold up in the line and allows your child more time to eat. **Money should be sent to school in a sealed envelope, zip lock bag or a non-disposable holder (which will be returned) with your child's first and last name on it.** This is given to the homeroom teacher.

CLASSROOM TREAT/ SNACK POLICY

Health and safety go hand in hand. Due to the prevalence of food allergies and other health issues affecting our students we must be proactive when it comes to food, snacks and treats consumed in school. **Any treats/snacks that are delivered to be distributed to students, must be individually pre-packaged.** No homemade or unwrapped snacks will be distributed to students. This will allow staff members the opportunity to review food labels as needed. It also allows for foods to be safely distributed. **FES policy is for treats/snacks to be dropped off in the office or sent in with the child. The teacher will determine the best time for the treat/snack to be shared based on their classroom schedule.** Any gifts (balloons, flowers, etc.) delivered for a student for a special occasion will be given to the student at the end of the day. If the item is not able to go home on a bus, the guardian will be contacted to pick up the item at their convenience.

If parents/guardians would like to send party invitations to school for disbursement, please have one for everyone in the class (or at least all the boys or all the girls) so no one has hurt feelings.

LUNCH/ RECESS

Unless it is raining or the temperature or wind chill drops below 24 degrees, students will have outdoor recess. Please be sure to dress for the weather. Students are typically not permitted to return to their classrooms for forgotten materials during the lunch/recess period. Exceptions will be made based on the situation.

Lunch and recess monitors will be present to monitor student behavior and enforce procedures that have been determined appropriate for the environment by the building administration.

RECESS RULES

Recess expectations are put into place to ensure that all students are safe while on the playground during outdoor recess as well as when inside for indoor recess. Recess monitors are present as students have time to play. They will monitor student behavior on equipment and while playing with peers. Any behavior that appears to be unsafe for any reason will be addressed. The recess monitors will inform classroom teachers or administration of any issues that arise in order for them to be addressed. Students are expected to listen to the monitors and follow the directions that are given.

The SOAR expectations for the playground include:

- Follow equipment rules (as shared by the recess monitors)
- Walk to your homeroom lines
- At the end of recess, return equipment to the cart
- Keep items and area clean
- Use time wisely
- Line up quietly when the whistle is blown
- Include everyone when playing
- Share and take turns

We also encourage students to refrain from bringing personal toys to school. Personal toys are the student's responsibility and we do not want their items to be damaged or lost.

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

FES is committed to the use of Positive Behavior and Supports ("PBIS") with students. PBIS emphasizes prevention of student behavior problems through the use of positive reinforcement. All FES staff and personnel are able to reinforce positive behavior with students. This can occur in any setting of school (classroom, hallway, recess, lunch, bus, etc.). Positive student behavior is rewarded.

PARENT-TEACHER GROUP (PTG)

The PTG is organized to support the students and their school in ways not provided by the Board of Education. The members secure room mothers/fathers, plan school parties, purchase various supplemental supplies, organize in-school programs and after-school activities, etc. The Parent Teacher Group has fundraising activities throughout the year to support the organization's efforts. Check the District Calendar for scheduled meetings. Parents' membership is strongly encouraged.

S.A.F.E. PROGRAM

The Firelands Enrichment Program is housed in Firelands Elementary School and is offered to students in grades K-5. This latchkey program assists the working parent by providing a supervised setting for children before and after school. It is not for preschool children and it is not a tutorial program.

S.A.F.E. is available each morning at 6:30 a.m. until school begins. In the afternoon the hours are from 3:20 p.m. to 6:00 p.m. Children may be dropped off and picked up anytime during these hours. Please note that pick-up should begin after the buses leave for safety reasons (approximately 3:40). Children may attend either or both of these sessions. The program is not in operation when school is not in session. In the event of a 1 or 2 hour delayed start, the S.A.F.E. (before school childcare) program will not be available. S.A.F.E. will be available on delayed start days in the afternoon only. Transportation to and from S.A.F.E. is the responsibility of the parent. Please contact the school secretary or the S.A.F.E. monitor for registration and cost information.

VOLUNTEERS

Volunteers are welcome at FES. Please know that if you come to volunteer, your ID will need to be scanned in our security system. If you will be supervising/chaperoning children at an event, a background check will need to be completed. Further information can be obtained by contacting the main office.
